

# MicroCareerBursts

® Online Job Shadows

FREE to SC Teachers and Students

Work-based Learning Experiences

## MicroCareerBursts:

- Count as Work-Based Learning
- Get students excited about career opportunities
- Make career exploration in all 16 career clusters possible (regardless of location)
- Satisfy EEDA requirements for career exploration
- Help decrease the dropout rate by connecting the classroom to the workplace
- Provide 24/7 career education via the web
- Track areas of career interest throughout the state

## Log in!

Here is what you have been waiting for! Microburst Learning and the South Carolina Department of Education are excited to announce that the MicroCareerBurst Single Sign-On Process for accessing Microburst Learning's interactive online job shadows is now available! You can now use the job shadows with your classes! You and your students have free access to the MicroCareerBursts 24/7 anywhere that internet access is available. The single sign-on process is available through SCOIS.

Go to [www.scois.net](http://www.scois.net). Log in with your SCOIS username and password.

Detailed instructions for using the MicroCareerBursts with Middle and High School Students, and for your use of the reporting features are accessible by clicking **Check out MicroCareerBurst Videos** at the bottom of the page.

To gain free access to our Common Core Standards-based lesson plans, please email [j.sharpe@microburstlearning.com](mailto:j.sharpe@microburstlearning.com). The lesson plans are designed to make the use of the MicroCareerBursts simple and effective!

Your students will log in with their SCOIS usernames and passwords. For students, this may be their SUNS number. This number can be obtained from their guidance counselors or career specialists.

Contact SCOIS with login questions at [scois@dew.sc.gov](mailto:scois@dew.sc.gov) or call 1.800.264.9038.
