

>> Find Your DREAM JOB

WHAT DO YOU DREAM ABOUT?

A new phone, a car, traveling the world? You've got to pay for it somehow, but taking a job you hate just won't cut it.

You want to do something that fits your interests, your skills, your passions. You want a job where you can make a difference, not just go through the motions.

How about building fuel-efficient cars, designing medical devices, programming computers or fixing robots? How about a career in manufacturing?

Manufacturers in South Carolina need skilled workers. All you need is the right training. Get started today.

Quick Facts:

- Manufacturing employees earned 33% more in 2011 than other South Carolina workers.
- Manufacturing provides 15% of non-government jobs in South Carolina.

KEITH CLIFTON

Drum Room Coordinator

Born and raised in Williston Keith has seen firsthand what a thriving manufacturing presence can do for a community. Through Dayco he's been able to give back and support his home town with projects like Toys for Tots and The Angel Tree. He's proud to be a part of a team concerned about not only customer demand but the community as well.
